

King's-Edgehill School

WEEKEND PROGRAMMING

Whether on or off campus, there is always a wide range of fun activities to choose from throughout the weekend at KES. Our convenient location makes it easy to attend events in the city of Halifax, at various nearby universities and in unique towns in our surrounding area. Being able to offer a balance of culture, arts, sports, shopping and entertainment means that there is truly something to suit everyone's interests!

Weekend activities and off campus trips are advertised in advance so students can plan their free time accordingly. These activities are not compulsory. Students who wish simply to catch up on their work or even just relax, may do so.

Some popular weekend activities include: day trips to the shopping centres and movie cinemas in Halifax, visiting historic Peggy's Cove and Lunenburg, attending concerts and

plays at Acadia University or in Halifax, attending Ted Talks, Mermaid Theatre performances, enjoying a live sporting event (Acadia University, Halifax Mooseheads, Harlem Globetrotters, etc), recreational skiing and snowboarding, local festivals, hiking, biking on local trails, sugar shack visits, sampling specialty restaurants, cooking and baking lessons on campus, sledding, campus campfires, ping-pong tournaments, karaoke, board games night, etc.

Our students can even do their driver training program through our School. Students who wish to participate in the Driver Education Program must hold a valid Learner's Permit. Interested students should contact Judy DesRoches, our Office Manager, in September.
